**Don't take our word for it. Here are what our voyagers (past
participants) have to say about their experience with us:**

"An amazing voyage into the afterlife. To really experience our creator." ~ Alexander D.

"This retreat has solidified my thirst for helping the dying. I will join a volunteer hospice program as soon as I return home. I can confidently state that my fear of death has decreased tremendously. I'm almost excited to see my dear loved ones on the other side, that's to this program." ~ Deborah I.

"Other than having an NDE, this is the best preparation I can imagine for understanding the transition that awaits each of us." ~ Anonymous

"Even though I know dying, my dying, is inevitable and I know that and have known that for quite some time it still scares me as an unknown. This experience took away a lot of the unknowns to the point where I almost-almost-but not quite look forward to my passing on to that inevitable non-physical phase of existence." ~ Mike Bailo

"A Saturn V launch inot dimensions here –to-fore unexplored. Knowledgeable facilitators kept me safe and informed. Caution: will rock your world as you know it." ~ Martin C.

"It was wonderful to socialize and share and learn from such a conscious raising group, including the facilitators. Having 22 other souls that are on similar journeys to blend with was exceptional." ~ Bob B.

"Due to my experiences in this course, I am clearer about the nature of reality, and who I am contacting "on the other side" when I pray, meditate and seek spiritual guidance. I feel surer of my sources/guides and more at peace with my existence on this physical plane. I found the guided adventures deeply satisfying and reassuring. I feel more sure of myself and my ability to guide my life path, having a better assurance of what I am about here, and how things will be later, after I leave this earth plane. Great course, profound experiences, life-changing. Thank You!" ~ David Monroe

"This program was well designed with specific attention to the details of each experience." ~ Sandra Kovarsky

Being a "newbie" to the TMI experience, I instantly felt "at home" here. Scott & Charlene did an excellent job, presenting this much needed course in an accessible way. Enjoyed the love, humor, and the colorful socks!! Thank you so much!! ~ Craig M.

"Sometimes we need to be reminded that we are not only much more than our physical bodies but an integral part of the universe. This program will do exactly that." ~ David L.

"Very warm and engaging instructor. Handled a difficult subject in ways that facilitated understanding of a most important time of transition." ~ Sherry Ferguson

"I came to the NDE Intensive expecting to have an NDE. I wanted to see my Mom who recently crossed over and two dear friends. By Wednesday, when nothing had happened, I just put my expectations to the side and decided to learn from the excellent presentations of Scott and Charlene, and to let myself vicariously experience the insights that were happening to many in the group.

Incredibly, when I did this—it happened, but entirely different than what I expected! While in the darkness of my CHEC unit (bed) a bright light appeared in front of me. First I saw a figure appear dressed in white, then the two others. Finally the Virgin Mother, Our Lady of Guadalupe, appeared in all her splendor. She has been my spiritual guide in life since I was a child. The vision lasted until the end of the music that was playing. An unforgettable experience for me.” ~ Betina Moreno

“This course provided a way to experience meditatively the main features of an NDE as described in the literature. To practice emotionally how to replace fear and uncertainty about death with calmness and loving acceptance is a gift.” ~ Thornton J.

“There is a lot of information on the process of dying (through readings and classes). This program however focuses on experiences after we die. I would recommend this to anyone who has any interest in death and the afterlife, as well as those who may have fear of death. This intensive shows us the profound beauty, joy, peace and awakening death brings. I can even say it gives us a second chance at life. I am very grateful to have participated in the NDE Intensive as it greatly adds to my already unfolding spiritual awakening. Thank you for making this available!” ~ Lisa Buckley
